CAREER SUMMARY

TV show editor at discovery networks

Edited show of Discovery Networks called the Creative Indians show that was broadcasted on TLC channel and later launched on Netflix

Worked with some youtubers and made some music videos

Worked with youtubers and also did bunch of music videos for popular artists in india and also help startups to build their online platforms

Ad campaigns

I make videos, more specifically I produce short form content that are not only easy to consume at social media for various companies to promote their products or services but also generate traffic to the website into their social media. In essence, I pretty much make videos that increase brand awareness and promote products

ACADEMIC MILESTONES

seamedu collage
